

Nextcloud?External Storage?????Array to string conversion?????

?????

Nextcloud 28.x????????????????????????????????

“ Array to string conversion at /var/www/html/nextcloud/lib/private/Files/Cache/Scanner.php#224

??????????

??????????

1. Nextcloud 28.x??????????
2. External Storage????????????
3. ?????????S3????S3????????????????????
4. ?????????????????????

?:[Nextcloud Hub 8, copying files to an External Storage configured as primary storage isn't reliable](#)

??

- Ubuntu 20.04
- Nextcloud 29.0.0
- PHP 8.1
- Apache 2.4
- ?????????????????wasabi??

???

??issue?

“ Pretty sure this would be fixed by #43794. At least in my limited testing using the merge request as a patch: <https://patch-diff.githubusercontent.com/raw/nextcloud/server/pull/43794.diff>
